SENATOR STAHMER: Well, I'd like to support Senator Chambers and Marsh. And I think Senator Kelly, when you offer subsequent amendments as you have, and then you say that you have all of this material to delineate etc., you ought to allow us the privilege of talking to some of our constituents and perhaps some of them will agree with you. But I think you owe us that courtesy, since you changed the bill to the extent that you have the introducer takes his name off of it, and it in effect becomes a new bill. And I'm just..shocked that you would want to advance this bill now.

PRESIDENT: The motion is to bracket the bill. All those in favor for bracketing the bill on General File vote aye. All those opposed vote no. I suppose the Chair ought to mention that I would require 25 votes because you are binding the body to an action to holding the bill on General File, that ought to take 25 votes. Have you all voted? The motion is to bracket the bill. The motion is to bracket the bill on General File. Senator Carpenter.

SENATOR CARPENTER: I ask for a Roll Call vote.

PRESIDENT: The motion is for a Roll Call vote. Do you understand the issue before the house? The motion is just to bracket 327 on General File. Senator Kelly for what purpose do you rise?

SENATOR KELLY: To change my vote from yes to no.

PRESIDENT: Wait a minute, Senator Dickinson voting no. The motion is lost to bracket the bill then. Senator Chambers for what purpose do you rise?

SENATOR CHAMBERS: May I ask a question, Mr. President. The next motion will be to advance the bill, now?

PRESIDENT: That's the motion, yes.

SENATOR CHAMBERS: And if it didn't get 25 votes, it would stay here.

PRESIDENT: That's right, if it fails to get 25 votes. It stays on General File.

SENATOR CHAMBERS: Thank you.

PRESIDENT: Now.
